

A**B****C****D**

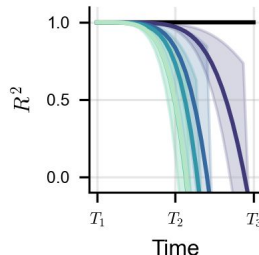

Population vector correlation

**E**

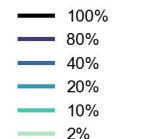

Tuning curve correlation

**F**

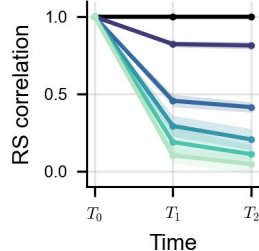

Readout decoding

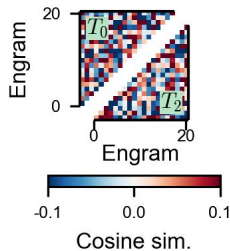

Neurons observed

**G**

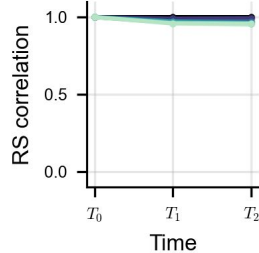

Representational similarity (RS)

**H**

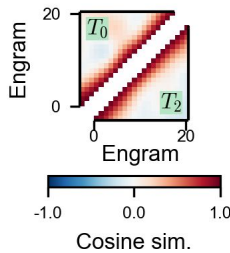

Example RS matrices (2% neurons)

**I**

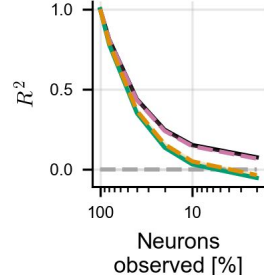

Representational similarity (RS)

**J**

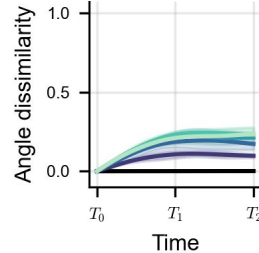

Example RS matrices (2% neurons)

**K**

Dynamical systems fit

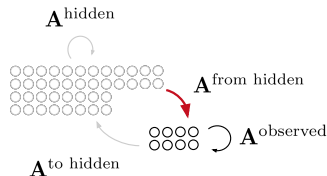

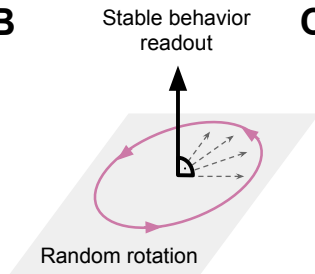

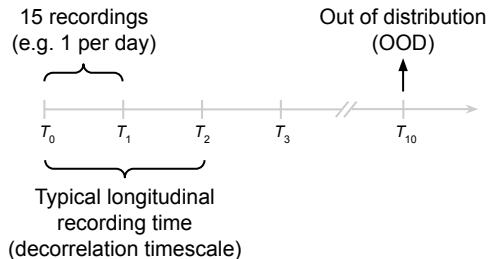

**L**

Edge angles

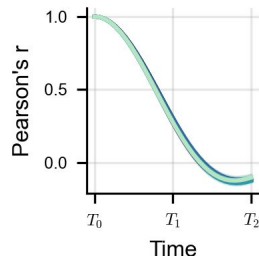

Random stimulus tuning

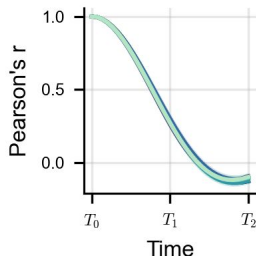

Correlated stimulus tuning
